DETAILED ACTION

Allowable Subject Matter

1. Claims 33-45 are allowed.
2. The following is an examiner's statement of reasons for allowance: The independent claims recite a binding member removing device that includes discriminating means for determining (forming a judgment) whether the binding member (material) has been removed from a bundle of sheets. The limitation "discriminating means" invokes 35 USC 112 6th paragraph. The prior art does not disclose this limitation in combination with the other elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

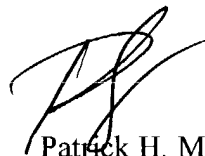

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
